

Uncompromising voice, email and browsing performance for enterprise users who prefer small, phone-style designs.

# BlackBerry 7130c for the Enterprise

*For GSM/GPRS and EDGE Networks*

## Uncompromising Phone, Email and Browsing Performance in an All-in-one Phone-style Device

The BlackBerry® 7130c is a small, lightweight handset that elegantly integrates the industry's most advanced hardware, software and network technologies in a thin, stylish, phone-style device.

The BlackBerry 7130c™ allows users to travel internationally while maintaining wireless connectivity to a full suite of applications including phone, email, Internet, intranet access, instant messaging, text messaging (MMS and SMS) and organizer applications. It is a breakthrough in wireless innovation, providing the ultimate balance of performance, design and function.\*

### Complete, Uncompromising Phone Features

The BlackBerry 7130c provides loud, clear phone calls and features, such as smart dialing, conference calling, speed dial and call forwarding. It also features built-in speakerphone, polyphonic and MP3 ring tones, dedicated phone keys, quad-band network support for international roaming and expanded Bluetooth® support to ensure wide compatibility with hands-free accessories and car kits.

### Unrivalled Email and Browsing Performance

The BlackBerry 7130c provides dramatic performance thanks to a precisely tuned combination of state of the art technologies. It operates on the latest high speed wireless networks and features a powerful Intel® XScale® processor, 64 MB flash memory and 16 MB SRAM, delivering a highly responsive experience when viewing attachments and graphics, browsing the web and running applications.

The bright, high-resolution color LCD screen provides ample workspace for viewing email, web pages and applications. Intelligent light sensing technology automatically optimizes screen lighting levels for indoor and outdoor viewing.

### Enterprise Friendly

The BlackBerry 7130c is the perfect compliment to the BlackBerry Enterprise Solution™. Its fast performance and outstanding ergonomic features allow users to take full advantage of enterprise applications that are wirelessly enabled by the BlackBerry platform, such as sales force automation, field service automation, business intelligence and more.

The BlackBerry 7130c works with BlackBerry Enterprise Solution to provide users and IT managers with advanced security features and enterprise-grade functionality such as single mailbox integration, remote address book look-up and more.

### Easy-to-Use

The BlackBerry 7130c is easy to use thanks to award winning BlackBerry push delivery that enables email and information to be delivered automatically and effortlessly. Messages can be quickly composed on the BlackBerry 7130c thanks to the integrated SureType™ keyboard technology.

#### SureType Keyboard Technology

Through an integrated keyboard and software system, SureType effectively combines a traditional phone keypad and a familiar QWERTY keyboard with intuitive software to create an efficient and familiar dialing and typing experience. SureType allows users to quickly and accurately dial or type without the limitations of traditional phone keypads.

#### Tethered Modem Capability

Users can connect laptop computers to the Internet using their BlackBerry device as a tethered modem.\* This capability is ideal for travelers who wish to use their computers to browse the web, log in to corporate intranets or download and send large files like presentations and reports.

## Specifications
