

BlackBerry 7750

for the Enterprise

Email and Data Combined with Phone – All-in-One

The BlackBerry 7750 Wireless Handheld™ provides a superior wireless email and data experience combined with built-in phone functionality in a single, integrated device. Its large, bright, high resolution color screen provides ample workspace, making it the ideal choice for mobile data applications. The BlackBerry® 7750 provides dual-band network support, allowing users to travel nationwide while maintaining wireless connectivity to a full suite of applications including email, Internet, intranet access, phone, SMS and organizer.*

Enterprise Friendly

For enterprise and government organizations, the BlackBerry 7750™ works with BlackBerry Enterprise Server™ to provide users and IT departments with:

- Advanced security features
- Wireless “push” delivery of email and data
- Mobile access to intranet and Internet based applications
- Single mailbox integration
- Attachment viewing
- Wireless email and organizer synchronization
- Remote address book look-up
- Centralized management and support
- And more

Like all BlackBerry devices, the BlackBerry 7750 can be centrally managed and supported by IT departments using BlackBerry Enterprise Server. In addition, the BlackBerry 7750 satisfies strict IT security requirements by leveraging the advanced security features of BlackBerry Enterprise Server.

Easy-to-Use

The BlackBerry 7750 features proven, award-winning BlackBerry “push” technology that enables email and information to be delivered automatically and effortlessly. Users can easily create and retrieve information using the optimized, PC-style QWERTY keyboard. The 33-key QWERTY keyboard provides a familiar typing experience, allowing users to quickly enter information using two-handed thumb typing. The BlackBerry 7750 also incorporates a large, bright, backlit and full color screen, easy-to-use navigation trackwheel and intuitive menu interface to optimize the mobile experience.

Imagine the Freedom

- Update customer account information in CRM systems while on the go
- Place orders and check inventory while in the field
- Access intranet information from the back of a taxi
- Receive wireless alerts from business intelligence systems
- Send and receive email while waiting in an airport
- Set-up a meeting from the middle of a tradeshow
- Conveniently place and receive phone calls while on the go

BlackBerry 7750 Highlights

- Complete functionality including:

- Email
- Enterprise data
- Internet browser
- Phone
- SMS
- Calendar
- Address book
- Tasks
- Memo pad

- Dual-band network support
- Large, bright, easy-to-read, backlit, full color screen
