

BlackBerry Authorized Training Partner Program

The BlackBerry Authorized Training Partner (ATP) program allows a third party company to deliver official BlackBerry training services to customers and partners to help them fully realize and support the capabilities of BlackBerry products and services.

**Join BlackBerry's international network
of Authorized Training Partners**

Why join the program?

As a BlackBerry Authorized Training Partner, you will receive the following benefits with your licensing fees:

- Personalized train-the-trainer courses delivered by BlackBerry experts
- Authorization to deliver world-class training to customers and partners globally
- Official BlackBerry training materials, including instructor manuals, presentations, and hands-on labs
- Access to our entire course portfolio through [BlackBerry Universe](#)
- Promotion of your company on the [BlackBerry Learn](#) website
- Support from BlackBerry Account Managers

BlackBerry ATPs offer the following benefits to customers and partners:

Quality

- Official BlackBerry training materials
- Trainers directly trained and authorized by BlackBerry experts
- Hands-on training labs built by BlackBerry

Accessibility

- Global coverage
- Local training partners availability
- Experience with BlackBerry product and service solutions

Current Software

- The latest training programs on new products and services
- Training programs aligned to the BlackBerry Technical Accreditation paths
