

BlackBerry Workspaces Technical Training

What do we offer?

About Us

BlackBerry training is an efficient and effective way to master BlackBerry technologies – BlackBerry UEM, BES, Good Solutions, BlackBerry Workspaces, AtHoc by BlackBerry and BlackBerry software. Our flexible learning options in different mediums and formats help you meet the objectives of your organization.

We have training programs and supporting services which enable global audiences for everything BlackBerry. BlackBerry training helps you to meet the demands of your schedule, budget and your individual learning style.

Technical Accreditation

The BlackBerry Workspaces System Integration Professional (BWSIP) Accreditation path supports the requirements of the BlackBerry Enterprise Partner Program by facilitating the ability to build unique and complimentary capabilities and provide the wide variety of training content and assessments that an individual requires in order to successfully achieve Accreditation required for Partner Authorization. [Click here](#) to learn more about the program requirements.

What's Available to You

BlackBerry training courses and assessments are designed to ensure individuals have the knowledge and skills to successfully design, install, support & maintain BlackBerry Enterprise Software solutions. Please see the table for a list of new and updated training courses for BlackBerry Workspaces.

Training Services for Purchase

BlackBerry is committed to offering world class training experiences and learning opportunities for all audience types. The recommended courses include BlackBerry Workspaces Administrator and BlackBerry Workspaces End User. Premium customers with PSM option are allotted an annual training subsidy of \$7,500 USD. You can also purchase additional training offerings over and above the subsidy at any time.

How to Access Materials & Training

You can begin the process of scheduling instructor-led training (ILT) training by contacting one of the [BlackBerry Authorized Training Partner's](#), to obtain information on available Open Sessions, Virtual Training Sessions and On Site Training classes designed for your specific needs.

Training selling SKU's are available through a BlackBerry account manager and Sales representatives to assist with ensuring you obtain competitive pricing. You can also purchase training directly [here](#).

Contact Us

Whether you use BlackBerry applications or administer the BlackBerry Enterprise software in your organization, there is a BlackBerry training option for you. Start your learning journey with one of the training options, or contact contact BlackBerryTraining@BlackBerry.com for assistance.
